

Lice-Killing Shampoo Treatment

Treatment plan for household members, over age 2, known to be infested with lice or nits.

	Day	Date	Action
Day 1			Use lice-killing shampoo according to package directions. Remove nits using a metal nit comb, section by section. Use good lighting & a magnifying glass if available. Optional: use a vinegar rinse if nits are very difficult to remove.
Day 2			Continue to remove nits and dead lice - DAILY.
Day 3			Re-apply vinegar soak for 30-60 minutes - if needed. Continue to remove nits.
Days 4-7			Remove nits. Repeat vinegar soak, if needed.
5			
6			
7			
Day 8			Repeat use of same lice-killing shampoo used on Day 1.

If live lice are seen after the second application of lice-killing shampoo, proceed with *Olive Oil Treatment*.
